01 **Compact.** 13px controls, 8px rows, 6px corners.

02 **Picture first.** Solid charcoal panels, hairline borders, no blur or shadows.

03 **One accent.** Lime marks what's on. Everything else stays neutral.

04 **Show the cost.** Every effect shows its real GPU time in ms.

05 **Errors are calm.** Show the real message; keep the pipeline running.
